

Vision to Goal Setting: *Getting Ready For Change*

Activity Process:

Rationale:

This activity provides staff with the opportunity to reflect thoughtfully and provide input on the school planning process. By providing the opportunity to discuss the questions below, the Core Team will be able to gather information on how to move forward with the development of the planning process.

Activity (with staff):

Meet with staff and pose the following questions:

- What makes a great school?
- How do we best assess the needs of our school?
- How do we reach consensus?

Choose a method for groups to record their thoughts (chalk talk, note-taker, chart paper, etc...) for the Core Team to use in planning.

Post-Activity Reflection:

Have staff work individually to answer the following question:

- What would be the number one priority for your class/students? (I.e. in what area does your class need support?)

Collect responses for the Core Team.

Big Idea: How can we get to where we want to be?

Guiding Questions:

- What makes a great school?
- How do we best assess the needs of our school?
- How do we reach consensus?
