

# SHARING STORY NORGATE XWEMELCH'STN

October 12  
2018

---

Rob and Tristan

---

We are honoured when they ask to visit the office. It is a great pleasure listening to student story and reading story with our students!

Our Learning  
Community

---

A message from Division 7:

We are learning about patterns in Math class. We know that a pattern must repeat. We also know that an increasing pattern must increase by the same amount. **We liked:** "It was fun working with a partner." "We worked hard together. It made it easier with a partner." "We got to use the coloured cubes." "We made an increasing pattern up to 15 blocks!!" "I liked to share my pattern

**We didn't like:** "I didn't like it when someone was upset because she didn't have a partner so we asked her to come with us."

**What are you thinking?** "Working together is better." "We can make all different kinds of patterns." "Making patterns is fun."

---

A Strong Culture  
of Aboriginal  
World Views &  
Perspectives

We would like to acknowledge Colin, grade 5 student for his artwork. The artwork has been an important part of welcoming our students every day. We would like to acknowledge Setálten, Norm Guerrero and Spelexilh, Angie Dawson for providing permission to use Squamish language, and for teaching us that this is language used to welcome people to the Longhouse.

---

Code of Conduct  
Norgate ROCKS...

---

Thank you to our grade 7s for helping keep our grounds clean and for helping our students feel safe at school. The school grounds look beautiful!
